Tidal variation

Mean spring tide
Mean tide
Mean neap tide

High (rel. to N.A.P.)

+1,44 meter
+1,31 meter
+1,12 meter

Low (rel. to N.A.P.)

-1,82 meter
-1,68 meter
-1,47 meter

Mean range

3,26 meter
2,99 meter
2,59 meter

LLWS
LAT

2,03 meter below N.A.P.
2,23 meter below N.A.P.

Water density

Varies between 1009 - 1020 kg/m³

TERMINAL VISSERIJWEG

Storage area

Number of warehouses	20
Number of insulated warehouses	13
Insulated warehouses	26.000 m ²
Number of open storage areas	3
Total open storage area	8.000 m ²
Total covered area	37.000 m ²
Total storage area outside	70.000 m ²

Port equipment

Harbour cranes on rail	tot 30 t capaciteit
Forklifts	tot 28 t capaciteit
Additional equipment/crane capacity upon request	

Rail connections

Total length of single track	300 meter
Additional side tracks	1
Length of side tracks	200 meter

TERMINAL HANDELSKADE OOST (BOLLARD 1-33)

Port entrance through sea channel

Navigable width 80 - 100 meter

Quay

Draught (*) 10 meter
 Total quay length 700 meter
 Quay capacity 10 ton/m²
 Quay level quay side 4,95 meter

Bollards

Quay bollard spacing 20 meter
 Quay bollard capacity 800 kN

Weighing facilities

Weighbridge capacity 100 ton
 Length of weighbridge 18 meter

(*) Contact Port authorities for detailed operational draught

Storage area

Number of warehouses 25
 Number of insulated warehouses 25
 Total covered area 50.000 m²
 Total storage area outside 80.000 m²

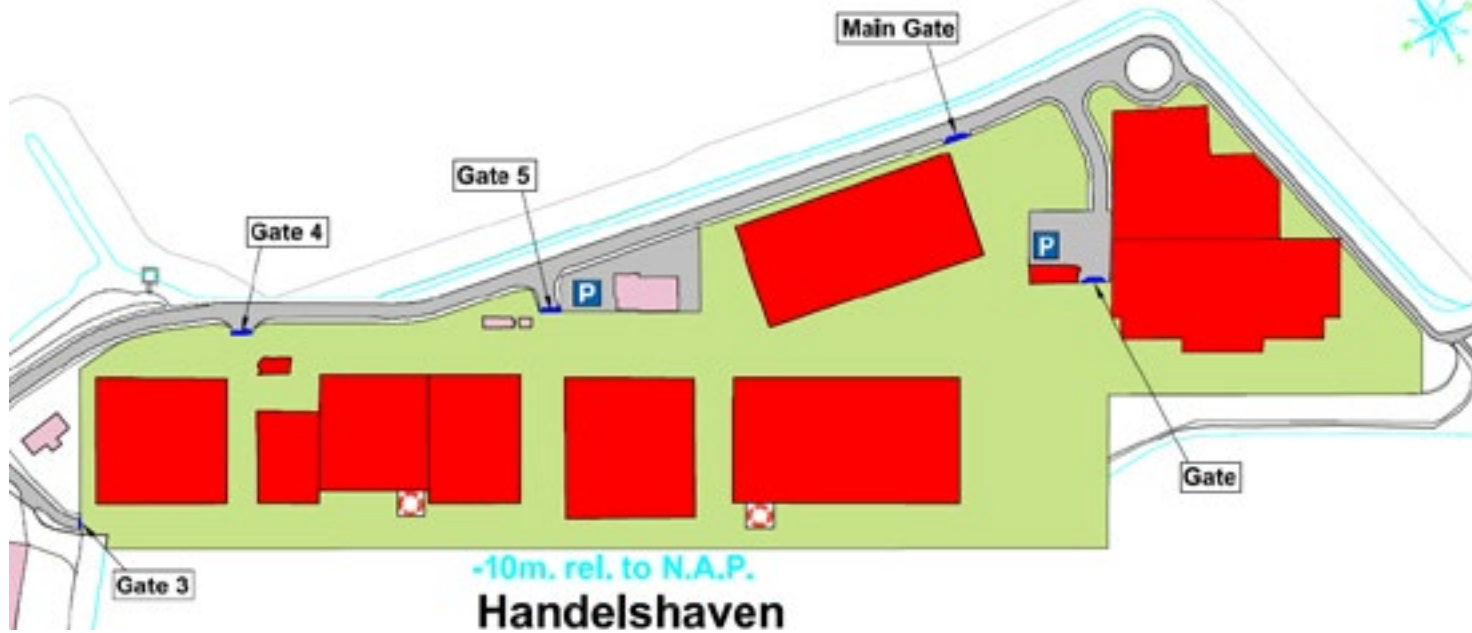

Bulkterminal

Number of warehouses 12
 Number of insulated warehouses 12
 Total covered area 19.000 m²

All bulk terminal warehouses connected to quay with conveyor belts

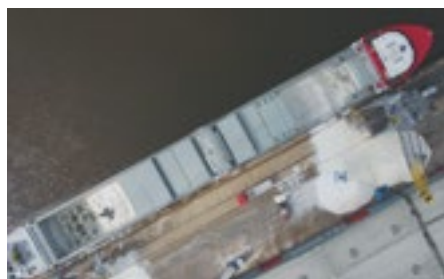

Rail connections

Total length of single track 500 meter
 Additional side tracks 2
 Length of side tracks 200 meter

CERTIFICERING

The Wagenborg Stevedoring Terminal/Wagenborg Stevedoring are certified according to ISPS, AEO, SKAL, GMP+B3, ISO9001 and ISO14001.

Royal Wagenborg was founded in 1898. The company continuously invests in various means of transport to serve the needs of a broad variety of customers by sea, shallow water and road offering a complete chain of transport.

Wagenborg companies are, amongst others, involved in shipping, stevedoring, forwarding, crane rental, heavy lifting, heavy transport, oil- and gas related services, towage and passenger services. Our integrated logistics solutions are flexible and reliable, provided by our dedicated crew of more than 3,000 employees.

Royal Wagenborg has identified quality, health, safety and the environment as key factors. Wagenborg Shipping manages its quality according to the ISO 9001, ISO 14001 and AEO. Our cargo vessels are ISM and ISPS-certified.
